REMARKS

This is a full and timely response to the Notice of Drawing Inconsistency with Specification mailed on July 5, 2004. Reconsideration of the application in light of the above amendment and the following remarks is respectfully requested.

By the forgoing amendment, the specification has been amended to add the brief description of Figure 6. No claims have been amended, withdrawn, or cancelled with the filing of this paper. Thus, claims 1-37 are currently pending for the Examiner's consideration.

With this amendment, the present application is thought to be clearly in condition for issuance, and notice to that effect is respectfully requested. If the Examiner has any comments or suggestions which could place this application in even better form, the Examiner is requested to telephone the undersigned attorney at the number listed below.

Respectfully submitted,
